a heartfelt thanks to all of the ARTISTS sharing their gifts right now!

Create a he**art**-felt thanks!

Do you have someone that is making you smile or making your day better? Do you want to make someone else smile?

It is hard to be away from friends, families and teachers right now, but maybe someone is making your life better in some way. Maybe you want to acknowledge someone helping others. Take a moment and give them a thank you from the bottom of your heart!

1

Design a heart!
Draw it, paint it, cut it out of paper...make it special! Maybe your heart will be small or maybe it will be really big...either way it is a special message! Perhaps you might create a heart with sidewalk chalk outside with paint on your window...even if the heart you create is temporary, it will leave a lasting impression!

2

Share it!
Display your heart so people can see it - in a window, on a door, draw on a sidewalk, etc. A neighborhood filled with hearts will bring a smile to many faces. Want to share with someone far away? Send them a picture in an email or text message.

3

Find a heart!
Explore your neighborhood...how many hearts can you find? Did you find a heart that made you smile? Which heart was your favorite? Even if you do not make a heart this is a great way to be a part of this project!
