All invited to participate!

Submissions due May 10th, 2021

Video submissions of local student talent will take the place of live performances this year.

Videos will be compiled into a showcase and shown virtually.

These steps have been added to comply with current health and safety regulations.

The Weston PTO encourages safe participation in this annual event.

Performances by Weston community members only.

Participants under 18 must have a signed permission form for the video performance to be included in the showcase.

Videos should be finished products. Included in the submission should be all performers names, the name of the act, and grade in school.

Content needs to be rated G for all ages.

Any video submissions that include dress that is too revealing or has symbols or words that could offend will be rejected.

Videos including hate speech and inappropriate language will be rejected as well.

While performances do not have a time limitation, the Showcase does.

Please feel free to submit any length performance knowing that only a segment might be shown.
