INFORMATION & TIPS
• Use markers, crayons, colored pencils, paint, etc.
• You may not glue or attach anything to the page that sticks up because entries must be scanned.
• Design must be done by the student, NOT parents or older siblings.
• Try to incorporate the theme into your design.
• Please make sure that you paper clip this form with your name, grade, and teacher's name on top of your entry.
• Don't put your name on the actual design; just on the entry form that you attach to it.
• Make sure your lettering is very neat and that everything is spelled correctly.
• Bright and vivid colors make better artwork because they scan better.
• Don't put lettering or important design elements at the very edges of the page (1/4 inch all the way around) as they will get cut off. Your background and other parts of your picture should go all the way to the edges, though.
• We will try to put as many entries as we can into the yearbook. However, due to space constraints, it is not guaranteed that all entries will be included.
• Entries will be scanned, so no changes may be made after the entries are submitted.
• If you have any questions, contact us at **yearbook@beverlypta.com**.
